### PROFESSIONAL EXPERIENCE

#### Startup Founder / Technical Project Manager

##### 1Take & PanTreat | EdTech & FoodTech Startups

- Led two startup projects from concept to MVP, overseeing sprint planning, backlog management, and cross-functional coordination.
- Delivered AI-driven platforms and pitched in national competitions, securing Top 10 at Philippine Startup Challenge 9.

#### Project Management Intern

##### Questronix Corporation | IT Solutions

- Supported Agile projects through timeline tracking, developer coordination, documentation, and client-facing workflow improvements.

#### Logistics Coordinator

##### Google Developer Student Club (GDSC)

- Managed logistics, vendor coordination, and internal communications for 5+ tech events, enhancing visibility through targeted promotional content.

### EDUCATION

#### Bachelor of Science in Computer Science

University of Saint Louis Tuguegarao (2020 - 2025)
